Subject: Cell Phone service

#### Mike,

I want to thank you again for providing cell service in and around Adak. We were happily surprised to find there was good coverage to the island west (Kanaga). Communications is key to our fieldwork and to the safety of our staff. Our safety protocol requires us to call in our helicopter landings, takeoffs, and flight plans to a centrally based operator. Flights are tracked this way throughout the day. It was great to be able to depend on a very reliable cell network instead of having to contend with an often poor and inconsistent satellite-based phone system. We truly appreciate the White Alice site and the extended coverage it provides.

Thanks, John Paskievitch (907) 632-2277
